LICENSE 05-1009971

¶1. This is an action message. See paragraphs 2-4.

¶2. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests post assistance in conducting a post-shipment check on the export of A320 flight simulation training device parts to Hong Kong. Post is requested to complete this Blue Lantern check within 45 days. Lack of response to a Blue Lantern check will affect pending and future licenses involving parties to this license.

¶3. Reason for request: a check on the status of United States Munitions List (USML) components and access by foreign nationals.

¶4. ACTION: Please visit the Foreign End User, Oxford Aviation Academy HK Limited (formerly GE Commercial Aviation Training), and confirm its receipt of the quantity and type of the items listed below. Verify the current status and location of these parts, and confirm that none have been re-transferred or re-exported to unauthorized end-users. Please ascertain if some or all parts were utilized on one or more A320 flight simulator training devices. Make inquiries with Oxford Aviation Academy officials and have them explain the degree of access foreign nationals (including mainland China) have to the A320 flight simulator(s) which utilize these USML parts. END ACTION.
